TEMPORARY CLOSURE OF DNVPS HOUSTON DUE TO HURRICANE RITA

Please be informed that DNVPS Houston is now closed due to the impending arrival of Hurricane Rita in Texas, which calls for emergency evacuation in the Galveston area.

Fuel samples already dispatched to DNVPS Houston for testing via DHL and Fedex will be re-routed to DNVPS Teaneck in New Jersey, USA. As for samples normally transported to DNVPS Houston but which have not been sent out yet, please arrange to ship them to DNVPS Teaneck, using the ORANGE address labels instead of the GREY ones.

For BQS nominations, sampling kit orders or other assistance, clients in the Americas can contact DNVPS Teaneck on +1 201 833 1990, +1 201 833 4559 (fax), or email teaneck@dnvps.com.

We apologise for the inconvenience during this period of disruption and will do our best to minimise service delays. We will notify all clients and business associates as soon as DNVPS Houston is ready to reopen.

Thank you for your understanding and support.

Regards,
Per Holmvang
Managing Director
